Power leakage protection

CARE WITH YOUR FAMILY

COME FROM BEAUTY LIVE FOR WISDOM

TECHNICAL SYSTEM

Technical System Guarantee Valuable Experience

POWERFUL

Powerfully Flushing

Tankless Double Stream System:

Flushing water capacity always under 6L, Some models under 4.8L, ensure flushing effect and at same time save water

Anti-sticking Glaze:

Anti-bacteria, easy to clean, not shed for long time use.

CONSTANT

Constantly Performance

Solenoid Valve Flushing:

Not affected by external water pressure, more steady and comfortable while using.

Constant Current Stabilizer:

Guarantee water not splash while flushing, be clean and hygienic.

FRESH

Fresh Space

Durable Activated Carbon Deodorizer:
Eradicate odor

Constant Current Device:
Low noise, long working life.

DRY

Get Dry Fast

Imported Big Volume Dryer Motor:
Not only speed-up, but also can adjust temper

The Hidden Air Outlet Design:
Clean and artistic.

QUIET

Denoise Deeply, Cleaning in Quiet

Double Valve Drainage Control:
Minimize flushing noise

Tankless Design:
Compact and fashion.

Auto Adjust Water Pressure:
To ensure good scouring effect when water pressure changed.

DELICATE

Boutique Configuration, High Grade Accessories

Imported Components:

Adopt Germany control chip, japan motor drive parts and distance measuring sensor, operate steadily, sense accurately

Large LED Display:

Colorful, wide vision, can real-time display smart toilet operation status.

WARM

From The Inner Core, Passing Warmth Layer By Layer

Safety Toilet Seat Design:

Toilet seat is consist of antibacterial layer, insulating layer, sensor layer, heat source layer, and insulation cover , Warm and comfortable, safe in use;

Antibacterial Nano-materials:

Prevent breeding bacteria effectively.

Temperature Adjustable:

The temperature can be adjust by remote control and mobile.
