

Product display

Brand:Cascada Showers
 Product:Smart Bidet Seat
 Color:Ceramic White /
 Gold Strip

Dimension: 20" x 15" x 5 5/8"
 Water pressure: 0.1Mpa(Static)-0.75Mpa(Dynamic)
 Nominal voltage: AC220/110V 50/60HZ

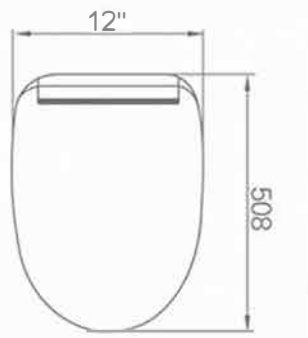

FUNCTION	MODEL	
		CSTB328G
Cleaning system	Rear wash	●
	Front wash	●
	Massage wash	★
	Adjustable wash position	★
Antibacterial system	Antibacterial seat	●
	Two wands with antibacterial nozzle	●
	Nozzle self-cleansing	★
	Hidden nozzle	★
	Stainless steel nozzle	★
Temperature Control System	Auto deodorizer	●
	Warm water	★
	Instant heat	★
	Warm air drying	●
Remote control system	Heated seat	●
	Seat sensor	●
	Toilet seat soft close	★
	2.4G wireless remote control	●
Safe And Energy-saving System	Auto open-up seat	
	Smartphone control	
	Over-temp protection	●
	Leakage protection	●
	Auto power-saving	●
	Easy detachable seat	●
	Night light	●
	Digital display	

● Basic function ★ Optional function NOTE: The product shown in color and size are for reference only,

DUAL NOZZLE

- "WASH" IS MORE HYGIENE AND HEALTHY THAN "WIPE"
- SEPRATED DUAL NOZZLE FOR WOMEN AND MEN WASH

MODEL CSTB328G DIMENSION

WARM AIR DRYER

- BIG VOLUME DRYER
- FAST DRYING

- 5 LAYER WARMTH TRANSFER
- BRING YOU COMFORT FEELING

WARM TOILET SEAT

5 CLEANING FUNCTIONS

 <p>CLEANING</p> <p>Buttock Wash</p>	 <p>0.75-0.9 liters of water per minute, cleaner</p>				
 <p>CLEANING</p> <p>Female wash</p>	 <p>4-hole shower effluent Soft and comfortable, intimate care</p>				
 <p>CLEANING</p> <p>Massage wash</p>	 <p>The nozzle moves back and forth, the cleaning range is fully covered, removes dirt from the skin folds.</p>				
 <p>CLEANING</p> <p>Position adjustment</p>	 <p>Nozzle position provides 4 grid options Freely catering to the desired flushing position</p> 				
 <p>HEATING</p> <p>Warm water wash</p>	<p>Water temperature 4 gears adjustable Instant hot water, computer precision control of water temperature</p> <table border="1" data-bbox="671 1756 986 1809"><tbody><tr><td>Normal</td><td>91 F</td><td>97F</td><td>102F</td></tr></tbody></table>	Normal	91 F	97F	102F
Normal	91 F	97F	102F		

ANTIBACTERIAL NOZZLE

CORE FUNCTIONS

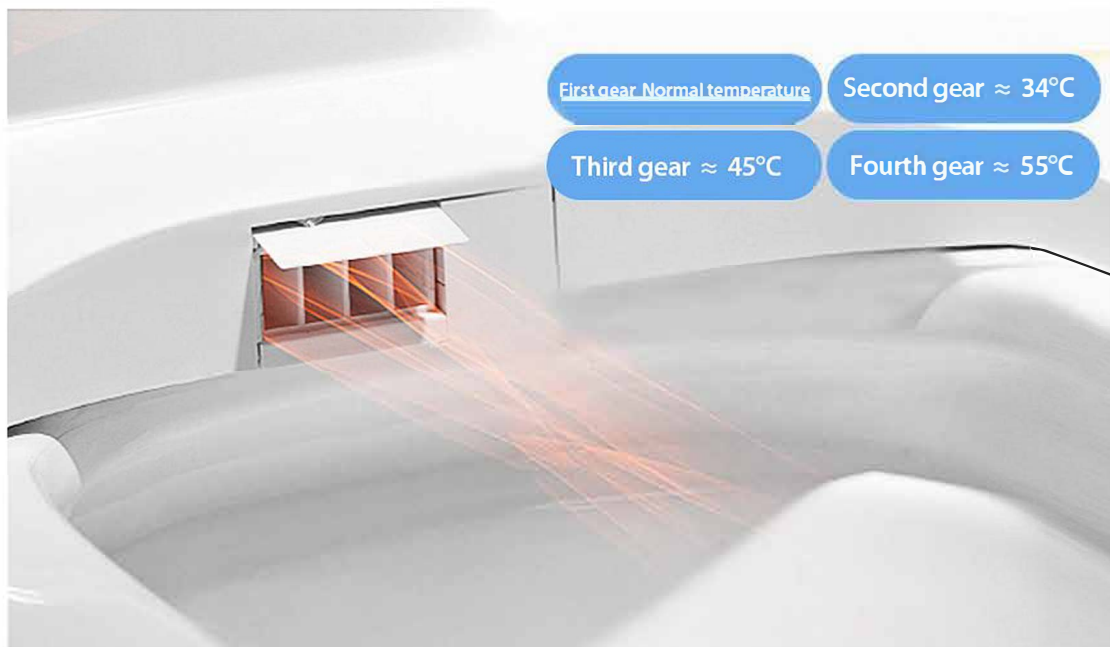

Antibacterial and heating seat

ABS antibacterial material
Seat temperature 4 adjustable

Warm air drying

4 gears drying temperature adjustable

Designed according to human mechanics

Comfortable flushing

Large impulses and large currents

Information: All water systems are equipped with a pressure-reducing valve (PRV) to ensure a constant water pressure of 1 bar. The PRV is located in the water supply line of the toilet. The PRV is not a standard feature of the toilet. The PRV is not a standard feature of the toilet. The PRV is not a standard feature of the toilet.

FLUSHING MODEL

Information: The flushing model can be adjusted to 4 different levels. The flushing model is adjustable in 1 bar increments. The flushing model is adjustable in 1 bar increments. The flushing model is adjustable in 1 bar increments.

Intelligent deodorization

Negative ion chip, automatic emission of dynamic ions, maintaining fresh air

FULL-FUNCTIONAL

Core functions

Wash	 Buttock wash	 Female wash	 Massage wash	 Buttock wash	 Position adjustment	 Instant hot water
Comfort	 Seat heating	 Warm air drying	 Automatic deodorization	 3D curved seat		
Health	 Spout self-cleaning	 Antibacterial Spout	 Spout removable and washable	 Antibacterial seat	 Water filtration	
Safety	 Leakage Protection	 Seat anti-fire	 IPX4 waterproof	 Over temperature protection		
Intimate	 LED display	 Night illumination	 Seating induction	 Damping descent	 Smart power saving	

TECHNICAL SYSTEM

Technical System Guarantee Valuable Experience

POWERFUL

Powerfully Flushing

Tankless Double Stream System:

Flushing water capacity always under 6L, Some models under 4.8L, ensure flushing effect and at same time save water

Anti-sticking Glaze:

Anti-bacteria, easy to clean, not shed for long time use.

CONSTANT

Constantly Performance

Solenoid Valve Flushing:

Not affected by external water pressure, more steady and comfortable while using.

Constant Current Stabilizer:

Guarantee water not splash while flushing, be clean and hygienic.

FRESH

Fresh Space

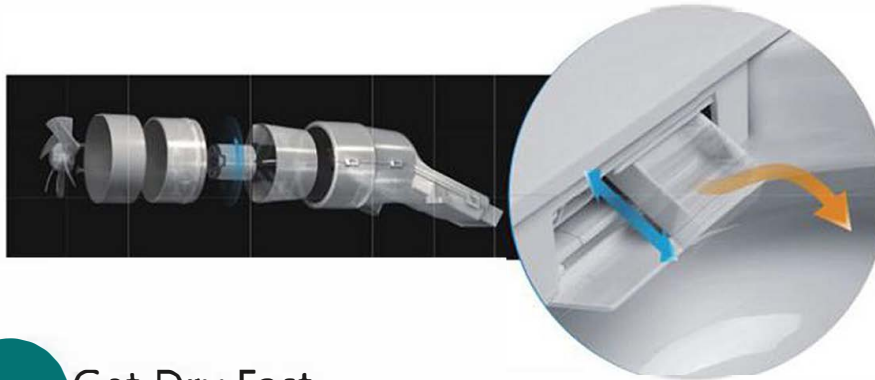

Durable Activated Carbon Deodorizer:

Eradicate odor

Constant Current Device:

Low noise, long working life.

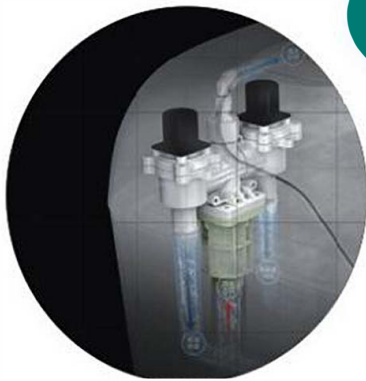

Get Dry Fast

Imported Big Volume Dryer Motor:
Not only speed-up, but also can adjust temper

The Hidden Air Outlet Design:
Clean and artistic.

Denoise Deeply, Cleaning in Quiet

Double Valve Drainage Control:
Minimize flushing noise

Tankless Design:
Compact and fashion.

Auto Adjust Water Pressure:
To ensure good scouring effect when water pressure changed.
